# Business Cyber Centre

Update for BING members
May 2021

Unique opportunity, uniquely placed

BCC – Cyber Community & Ecosystem

Why Chippenham?

- Proximity to MOD Corsham.
- Great transport links, mainline and M4.
- London, 65 mins train.
- Bristol, 25 mins train .
- Midlands, an hour car/train.

Objectives

Growth	Deliver economic growth across the Cyber Valley and Western Gateway by supporting its existing and emerging digital and cyber security businesses.
Skills	Meet Government objectives to resolve the UK's 'cyber skills gap' by providing education and training.
Investment	Invest in cyber security skills and services to lever private sector investment and co-location.
Partnership	Develop opportunities for collaboration between government, the Armed Forces, industry, and academia in the cyber industry.

Stakeholders and Partners

"Our organisation is excited about the opportunities that the Business Cyber Centre seeks to create. We see ourselves as holding a key stakeholder interest in the creation and operation of the Business Cyber Centre."
MoD Corsham

"Zurich are proud to be supporters of the Business Cyber Centre being developed by the SWLEP. The UK financial sector is under constant attack from fraudsters, criminals and script kiddies. As a customer-centric business we welcome this initiative which is designed to expand the net of cyber protection to local authorities, the third sector and SME businesses"
Zurich

Mobilisation

- Currently mobilising building and working with Lawyers to complete the lease and deliver the project fit out works.

- Recruitment commences this week, looking to recruit a Business Develop Manager and further roles will be advertised including a Cyber Capacity Manager and Centre Administrator.
