Last month, a couple of sectors still had high proportion of staff furloughed and job postings below the Feb'20 level

This month, although the furlough rates remain high, we've seen a recovery in job postings

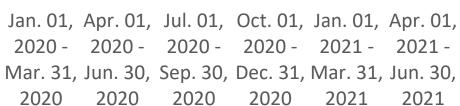

During the first lockdown

Construction bounced back straight away, while Finance took a little longer

CONSTRUCTION 8.0% 7.0% 6.0% 5.0% 4.0% 3.0% 2.0% 1.0% 0.0%

Hospitality sector, which has been depressed since Apr'20, showed strong signs of recovery over the last quarter

Although, the sector has been in decline even before the pandemic...

ACCOMMODATION AND FOOD SERVICE ACTIVITIES

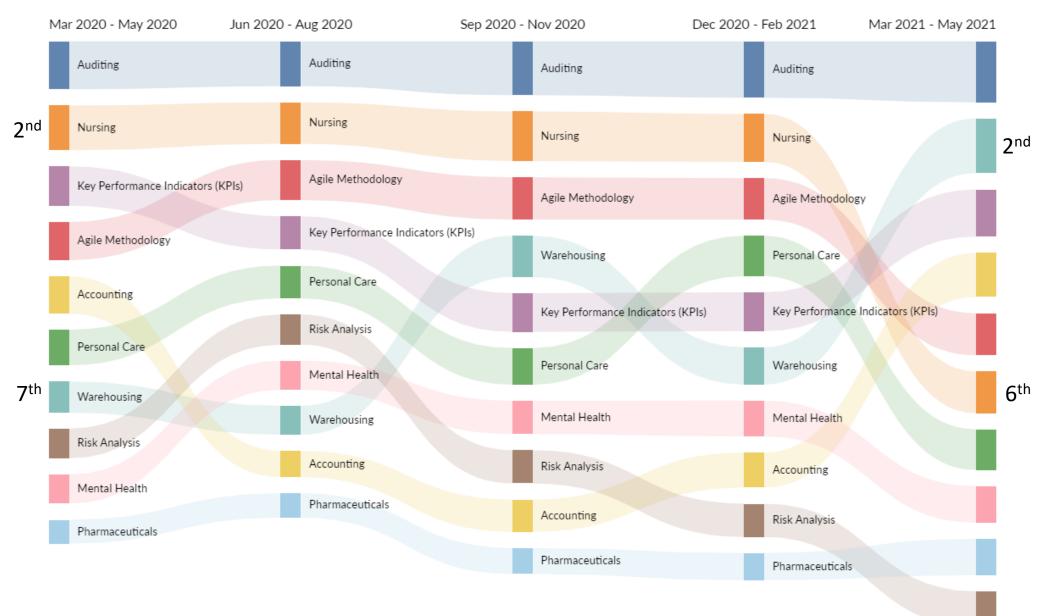

...the recent surge in demand for temporary hospitality workers has driven increase in pay

Claimant Count

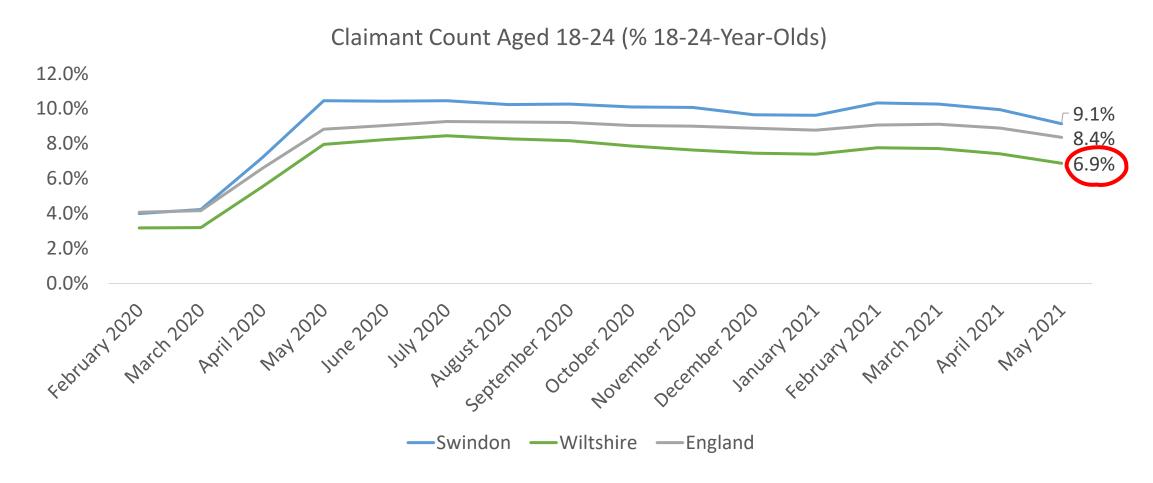

We usually look at the young claimant count as proportion of all claimants...

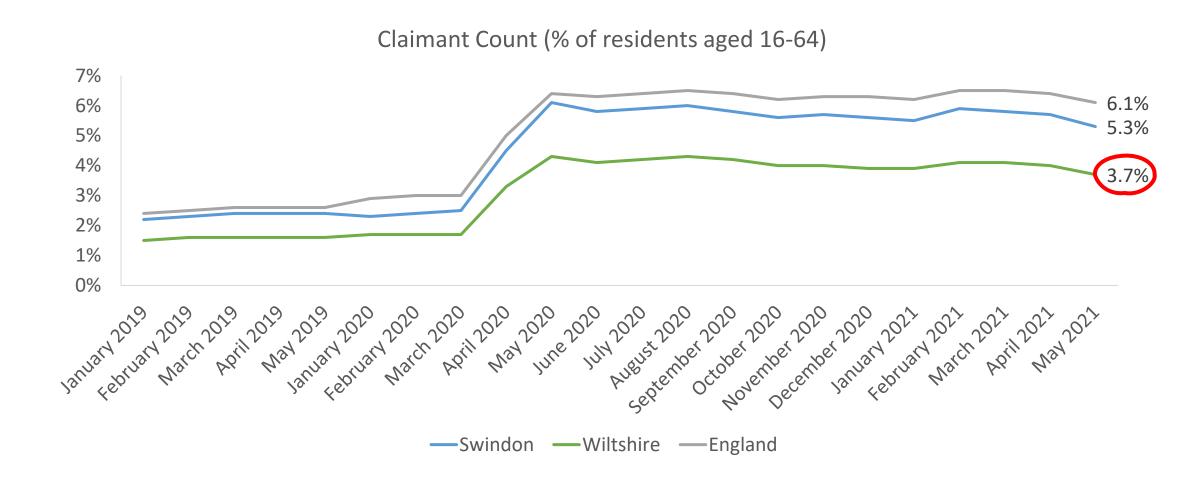

ONLY DISSEMINATE WITH PERMISSION OF THE SWLEP

...but, as proportion of population, Wiltshire's young work-related claimants are still below the national average...

...although, not as low as the overall claimants

Recap
